COUNTER TERRORISM POLICING

Mr Jon Fuller
Climate Genocide Act Now
[redacted]

Date: 24/10/2022

Dear Mr Fuller,

Thank you for your correspondence dated 12th October 2022 in which you request a criminal investigation be opened in relation to crimes against humanity and genocide.

I have taken into consideration the contents of your referral. In order to progress any such investigation it would be necessary to prove on the part of those accused a specific intent to commit the above-mentioned crimes.

In the case of genocide this would be an intent or otherwise, to destroy, in whole or in part, a national, ethnical, racial or religious group. In the case of crimes against humanity, it would be an intent to carry out any of the crimes listed under Schedule 8 Article 7 of the International Criminal Court Act 2001.

In the case of Article 30 any investigation has to show the material elements are present and prove a person means to cause a consequence or is aware that it will occur.

Having regard to the material you have provided there insufficient evidence to satisfy the threshold required in order to prove such allegations.

I regret to inform you that the 5015 War Crimes Team will not be commencing a formal investigation and no further action will be taken.

Yours sincerely

Detective Sergeant Marcus Bolam
